

Song of a Devil's Servant

Golden Earring

From the Albums:

* On the double

* Eight miles high Call my name and I'll be there

To serve your majesty everywhere

No instruction is too much for me

Execute his order, like in a bad dream

Ah, ah, ah,.....

No use to run and hide

For his eyes are open wide

and when he finds you

These eyes will burn into your soul

I sold my life, without thinkin' twice

But instead of fortune he gave me lies

I'm facing hell to eternity

The only way out is suicide for me

Ah, ah, ah,.....
