

# Superficial Love

## Slayer

Superficial love, only for a fuck  
But love is incest and it's only for a fuck  
[Incomprehensible] to the guys provided for free  
Peace time, war time, country's in vein All die for this land, some over seas  
We live for the summons  
They serve our country  
Army, Navy, Air Force or jail But that's the American way  
What it is to be free  
If that's what they call freedom  
It's not for me President Reagan can shove it!
