

Lonely Songs

Snow

Every day in my life is a lonely journey
Sometimes I don't even know
If I want to be here any more
People always in my face
Wishing they were in my place
They don't even have a clue of all
Of the madness I'm going through
You can't imagine
All the pain I feel inside
I'm a man so I can't cry
Do the only thing I do is
Singing my lonely song
My lonely song, it is my only song
Singing my lonely song
My lonely song, it is the only song
Seem like everything I do
Is never good enough for you
When I ask the reason why
You never have an answer not even a clue
When I put my head up
You force me to look down
When I'm moving forward
You stop me and put me on rewind
Sometimes I feel like
I just want to end it all
But I just roll up my spliff
And I pick up my guitar
Singing my lonely song
My lonely song, it is my only song
Singing my lonely song
My lonely song, it is the only song
So many things going on in the world today
Some times I feel like I just want to fly away
No respect for the life, people minds narrow
You're lucky if you live to see your turn tomorrow
The Ten Commandments don't mean a thing
It's not a good life if you live with no sin
There's no where to run and hide
So I just close me eyes and sing my lonely song
