Orphans Don't Run

Lower Class Brats

They laugh at us when we
Walk down the streets
Ten of them with weapons
Man we're gonna get beat because[Chorus:]
Orphans don't run from no one
That's what we say
Orphans don't run from no one
We ain't going awayWhen you come into our parts
You better watch your step
We just hang out & get drunk
Bur man we've got a rep. because[Chorus:]
Orphans don't run from no one
That's what we say
Orphans don't run from no one
We ain't going awayGet into a rumble and
Someone's gonna get hurt
It might end up bein' us
But we gotta protect our turf because[Chorus:]
Orphans don't run from no one
That's what we say
Orphans don't run from no one
We ain't going awayWhen you come into our parts
You better watch your step
We just hang out & get drunk
Bur man we've got a rep. because[Chorus:]
Orphans don't run from no one
That's what we say
Orphans don't run from no one
We ain't going away [X2]
