

Crimes of the Heart

Kim Carnes

Crimes of the heart
We're all guilty
Crimes of the heart
We're all willing
To take part
In another crime of the heart
Crimes of the heart
We're all careless
Right from the start
We stand fearless
The one day here we are
In another crime of the heart
How deep is your wish
How high is your dream
Do you ever know who you are
It's all in the memory
It's all in the moment
Oh caught in the crime from the start
Crimes of the heart
We're all children
Right from the start
We're only human
Knowing inside we are
Blinded by crimes of the heart
How deep is your wish
How high is your dream
Do you ever know who you are
It's all in the memory
It's all in the moment
Oh caught in the crime from the start
Crimes of the heart
We're all willing
We're all guilty
