## Naia Kete

I could be make believe  
And let it be all you see  
Cover up the best me  
And just keep cryin  
I could fight a war inside  
Walk around mad at life  
With you is to be alive  
As if I was dyingBut i'm gonna sing out loud  
Keep my head above the clouds  
Be everything I am right now  
I'm gonna keep laughing  
Gonna lose my shoes and dance  
Ain't afraid to wave my hands  
Gonna leave it all up to chance  
I'm gonna be HAPPY  
(ohhhh oohhh)I could blame everyone  
For everything I've never done  
Well maybe I'm the reason whoa oooh  
Why the rain kept falling  
I know i could turn it all around  
The sun is coming out yeah  
and the world keeps calling me to...Sing out loud  
Keep my head above the clouds  
Be everything I am right now  
I'm gonna keep laughing  
Gonna lose my shoes and dance  
Ain't afraid to wave my hands  
Gonna leave it all up to chance  
I'm gonna be HAPPY  
No, no, no, no, no nooooooooooooo, yeahOh whoa oh oh  
Yeah yeah yeah  
Oh whoa oh oh  
Yeah yeah yeahThis life is yours so take it  
You've got the choice to make it  
HAPPY, HAPPY, YEAH  
This life is mine i'll take it  
I'll take it  
whooooooooooooa(chorus till end w/ ad libs){
