

Who's That Girl?

Rosie Lowe

All in the mind, you can't control.

It's in the time, seconds untold.

All in the mind, you can't control, it's in the time, seconds untold.

I thought you were, someone I knew.

Who's that girl, I don't know you.

A figure stands, so still she don't move.

Who's that girl, looks just like you.

All in the mind, you can't control, it's in the time, seconds untold.

All in the mind, you can't control, it's in the time, seconds untold.

You say your eyes, no much inbetween.

Who's that girl, she used to know me.

So wave goodbyes, like a machine.

Who's that girl?

Who's that girl?

You don't even know just what you choose to see.

What you choose to see.

Think it's just by?

it's only skin deep.

I find it hard.

You don't even know just what you choose to see.

Think it's just by?

it's only skin deep.

I find it hard.

It's all in the mind, you can't control.

It's in the time, seconds untold.

All in the mind, you can't control.

It's in the time, second untold.

People change, and I know I blame you.

But the girl I know, would never do the things you do.

Actions speak, louder than words.

Who's that girl?

She can't be heard.

All in the mind, you can't control, it's in the time, second untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you can't control, it's in the time, seconds untold.

It's in the mind, you cant control, it's in the time, seconds untold.
