

# Shake And Fingerpop

## Jr. Walker & The All Stars

Said put on your wig, woman  
Were goin' out to shake and fingerpop! Hey, baby!  
I said put on your wig, woman  
Goin' out to shake and fingerpop! Hey, girl! Were gonna get out on the floor, now  
Dance like we never did before, right on, sugar! I said, look at the people, find a place in line  
Doin' the barracuda, the jerk and the twine  
Kick off your shoes baby and get in the groove  
Cause when you hear the music, you feet has got to move I said, put on your wig, woman  
Goin' out to shake and fingerpop, that's what I said  
We gonna get out on the floor now  
Dance like we never did before, hey, hey!
