

Long Way to Go (Remaster)

Stevie Nicks

Can I be of any help to you, baby?
She says, "Help me, help her, help him too."
Well I made up my mind... I won't be calling
I think about you and...
I think about the heartbroken ones... It's a real long way to go... to say goodbye
I thought we already did that
Have fun... tell the world
Well it's a real long way to go... to say goodbye
I thought we already did that
Have fun... tell the world
High in my life... obsessive was my love
Worth it was my time... Oh no, you are fading out
Well I can do it...
Well I can make it one more time
It's a real long way to go... to say goodbye
I thought we already did that
Have fun... tell the world
Well it's a real long way to go... to say goodbye
I thought we already did that
Have fun... tell the world
Can I be of any help to you?
She says, "Help him, help her, help him too, baby"
Well I can do it...
Well I can make it one more time
Well it's a real long way to go... to say goodbye
I thought we already did that
Have fun... tell the world
Well it's a real long way to go... to say goodbye
I thought we already said that
So have fun... tell the world
You were high in my life... obsessive was my love
So have fun... tell the world
Oh no, you are fading out
Well can you be of any help to me? (Can I be of any help to you?)
I don't think so (Help him... help her)
Well I can do it...
Well I can make it...
Well can you be of any help to me? (Have fun... tell the world)
Oooooohhh... You were high in Life...
