

So much Love

Bastian Bates

Hats need a beat
Like awake needs asleep
Like a pen needs a page
To re-write you need a mistake, oh, yeah
Hearts need a mind
Like a clock needs the time
Like white needs black
If you leave I hope you need to come back
Oh, I swear, I know, I believe it
Oh, I can't stop hearin all the singin
Oh, my soul has never had this feelin
And it feels like gold
You got so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs that I've heard my whole life comin true
Strike all the bells
Hit 'em hard, make 'em all yell
Celebrate, infatuate
Lock us up, yeah, incarcerate, oh
Oh, I swear, I know, I believe it
Oh, I can't stop hearin all the singin
Oh, my soul has never had this feelin
And it feels like
So, so, so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs that I've heard my whole life comin true
You got so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs oh, oh, oh, oh
Yeah, yeah, oh, c'mon, yeah
You got so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs that I've heard my whole life comin true
You got so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs that I've heard my whole life comin true
You got so much love in you
You got so much love in you
I'm amazed that I'm talkin' to you
You look like the songs oh, oh, oh, oh
