

# VIA Invested

## Damiera

Let me in between  
The vestige astounding as we think  
The blast of carbon lasted  
It fills the air  
And shows me everything  
All not stopping at the end  
Where i deprived my stance to color in the past  
Filling toward the often askewed  
Correction/collections that will fall  
As we slip away  
The vested concerns are everything but true  
We'll slip away  
Call the answers everything but truth  
Balance to be ahead of the impulsive impatience  
Slowing yourself to live the shelf-life and antiquated  
Balance to be ahead of the impulsive impatience  
Slowing yourself to live the shelf-life and antiquated  
As we slip away  
The vested concerns are everything but true  
We'll slip away  
Call the answers everything but truth
