

You Got To Take Sick And Die Some Of These Days

Muddy Waters

You got to take sick and die some of these days
You got to take sick and die some of these days
All the medicine you can buy and all the doctors you can hire
You got to take sick and die some of these days

Well I got to take sick and die some of these days
Well I got to take sick and die some of these
All the medicine she can buy and all the doctors she can hire
She's got to take sick and die one of these days

Probably got to take sick and die some of these days
Probably got to take sick and die some of these days
All the medicine he can buy and all the doctors he can hire
You got to take sick and die some of these days

You got to take sick and die some of these days
You got to take sick and die some of these days
All the medicine you can buy and all the doctors you can hire
You got to take sick and die some of these days

Well I got to take sick and die some of these days
Well I got to take sick and die some of these days
All the medicine he can buy and all the doctors he can hire
You got to take
