Animal Machine

Breakbeat Era

Down and round is on my mind
Sleep forever I got time
Feel my feelings on her wear
You look nervous, I don't careAll you got I rich inside
Free to do what's in my mind
Style to suit you, make it clear
4 a.m., are you still here?Don't believe me when I say
Don't be scared, don't run away
I coil around you, no escape
Run on home it's getting lateWith the tightly break on things
Bite the flesh that feeds you, please
With my style I go betweenI'm a walking animal machine
And you ain't safe with me
I'm a walking animal machine
And you ain't safe with meI'm a walking animal machine
And you ain't safe with me
I'm a walking animal machineDon't believe me when I say
Don't be scared, don't run away
I coil around you, no escape
Run on home it's getting lateAll you got I rich inside
Free to do what's in my mind
Style to suit you, make it clear
4 a.m., are you still here?You ain't safe with me
I'm a walking animal machine
And you ain't safe with me
I'm a walking animal machineAnd you ain't safe with me
I'm a walking animal machineNo point in lying, my mind is playing
Every time I close my eyes, I see you
No way to hide it, no way to say it
It's in the smallest things that you doI can't believe my mind is playing
My mind is playing trips like this
Can feel my eyes is straying?
I need a heat, I feel to be I'm with youI'm a walking animal machine
And you ain't safe with me
I'm a walking animal machine
And you ain't safe with meI'm a walking animal machine
And you ain't safe with me
I'm a walking animal machine
