

Cold Heart Of The Klondike

Tuomas Holopainen

The final frontier
Of utter solitude
Of wilderness untamed
Into White Agony Creek
The cradle of new hope
Many the spring thaws from home
O Me! O Life! Here in the wild
Nothing but two cold Klondike hearts
Charm of a dancehall girl
A true star of the north
Those precious 30 days
A letter in the snow
Love lost yet always there
A burning need of life
O Me! O Life! Home in the wild
Nothing but two cold Klondike hearts
O Me! O Life! Home in the wild
Nothing but two cold Klondike hearts
