Neon Lights

The Broken Spurs

Everyday there's a thousand things that somehow pass us by
Gotta cut through the noise so you can know what love sounds like
I'm gonna tune your frequency to 106.ME
So there's no distractions
Take a breath, take it in, love has no expiration date
My heart will always beat for you at a constant rate
It will outlast everything you think you set in stone
It goes on and on, and on and on, on and on, and on and on
Buzzing like neon lights, can you feel my love?
Loud and clear, pulls you near, can you feel my love?
We got all the memories, so much more we can't see
Better than our first kiss, snow falling at Christmas
Like sleeping in on Sunday, laughter we never fake
Bob Marley in summer, 'One Love' for each other
Oh, it feels like fireflies, day and night
Can you feel my love?
Everyone is looking for a special connection
But it's like your compass points a million directions
Do you need me to buy you a telescope so you can see?
How good this could be?
Oh, buzzing like neon lights, can you feel my love?
Loud and clear, pulls you near, can you feel my love?
Oh, we got all the memories, so much more we can't see
Better than our first kiss, snow falling at Christmas
By like sleeping in on Sunday, laughter we never fake
Bob Marley in summer, 'One Love' for each other
Oh, it feels like fireflies, day and night
Can you feel my love? Can you feel it?
And I'll wait for you as long as it takes
Until I get through and it hits you right in the face
Can you feel my love?
Can you feel my love?
We got all the memories, so much more we can't see
Better than our first kiss, snow falling at Christmas
By like sleeping in on Sunday, laughter we never fake
Bob Marley in summer, 'One Love' for each other
Oh, it feel like 'One Love' for each other
Can you feel my love?
Buzzing like fireflies, neon lights, day and night

Can you feel my love?
Fireflies, day and night
Can you feel my love?
