

Touch My Tooter

Ween

Buddy, why's my brain so muddy?
Why do I feel like putty
When she walkin' to the room? Touch my tooter, smoocher Sonny, it ain't all milk and honey
And I don't think it's funny
When she starts to groove Baby, ain't it pretty lazy
And ain't it crazy
When you think it's all smooth? Touch my tooter, smoocher Buddy, why my brain so muddy?
Why do I feel like putty
When she walkin' to the room? Sonny, ain't it funny?
And I don't think it's funny
When she starts to groove Touch my tooter, smoocher Take it down for me, bring it on Touch my tooter,
smoocher Buddy, why's my brain so muddy?
Why do I feel like putty
When she's walkin' to the room? Sonny, it ain't all milk and honey
And I don't think it's funny
When she starts to groove
