

# Between the Bars

[Elliott Smith](#)

Drink up baby, stay up all night  
With the things you could do, you won't but you might  
The potential you'll be that you'll never see  
The promises you'll only make Drink up with me now, forget all about  
The pressure of days, do what I say  
And I'll make you okay, drive them away  
The image is stuck in your head People you've been before  
That you don't want around anymore  
That push and shove and won't bend to your will  
I'll keep them still Drink up baby, look at the stars  
I'll kiss you again between the bars  
Where I'm seeing you there with your hands in the air  
Waiting to finally be caught Drink up one more time and I'll make you mine  
Keep you apart, deep in my heart  
Separate from the rest but I like you the best  
Keep the things you forgot People you've been before  
That you don't want around anymore  
That push and shove and won't bend to your will  
I'll keep them still
