

# Heart Flow

Kate Ryan

We got tonight  
I don't know what this is, but I  
I look in your eyes  
And I surrender to you, I Lights down low low music playing loud  
I don't know know you but I want you now  
Something 'bout it that I can't resist  
Love united, yeah, I like it  
I'm trying to breathe so make me believe  
It's worth the risk We got tonight  
I don't know what this is, but I  
(Let my heart flow heart flow)  
I look in your eyes  
And I surrender to you, I  
(Let my heart flow, let my heart flow) Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow  
Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow Tell me now now, are we really here?  
Tell me now now, cause it's all so unreal  
This connection is undeniable  
Can you feel it? Can you feel it?  
It's taking control, I want you to know  
So don't let me go We got tonight  
I don't know what this is, but I  
(Let my heart flow heart flow)  
I look in your eyes  
And I surrender to you, I  
(Let my heart flow, let my heart flow) Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow  
Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow I'm lost in the moment in something new  
Yeah it just makes our heart flow, heart go  
I'm lost in the moment  
And now it's just you, just me, just you We got tonight  
I don't know what this is, but I  
I look in your eyes  
And I surrender to you, I We got tonight  
I don't know what this is, but I  
I look in your eyes  
And I surrender to you, I We got tonight

I don't know what this is, but I  
(Let my heart flow heart flow)  
I look in your eyes  
And I surrender to you, I  
(Let my heart flow, let my heart flow)Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow  
Flow flow flow flow, let my heart flow  
Let my heart flow flow flow, let my heart flow
