This Broken Heart

The Mavericks

This broken heart will never love again
Because I don't want it to
You came along and showed me I was wrong
To think, that I could never love youEvery time I run away
I know you'll always stayThis broken heart will wear the pain she bore
With you my heart won't break anymoreEvery time I run away
I know you'll always stayThis broken heart will wear the pain she bore
With you my heart won't break anymoreNo, with you my heart won't break anymore
