

# Pecan Tree

## The Mud Howlers

Why are you crying?  
baby you know I'm trying  
I promise you won't  
feel lonely anymore And I think of you  
when I'm feeling lost Come sit beside this pecan tree with me  
Come sit beside this pecan tree with me And baby like fire  
our love will never expire  
And I don't know when  
we'll see each other again But I'll think of you  
staring at the moon and I'll sing beside this pecan tree for you  
and I'll sing beside this pecan tree for you And your heart will cry no more  
And your heart will cry no more  
And your heart will cry no more Come sit beside this pecan tree with me  
Come sit beside this pecan tree with me
