Crazy Ex-Girlfriend Cast

I give good parent lyrics

I give good parent (she gives good parent)
I give good parent (she gives real good parent)
I give good parent (she gives good parent to parents like me)

I was born gifted been blessed
didn't didn't guess for the win yes
When I pull up Chin test
prepare for your parents to be impressed
I represent proper like a Ted talker
got your curry chick looking like Craig Faulcher
I'm here to conquer Ive come to slaughter
These dads and moms are my sons and daughters
Skilled seductress I will kill and crush this
this shits my. Business and I'm built for success
Expect to witness a familial lovefest
Valencia you zip zilch and bub kiss

I give good parent (she gives good parent)
I give good parent (she gives real good parent)
I give good parent (she gives good parent to parents like me)

Bought a nice red so when I come in the place
I already got them heated up under the waist
Your home is such s beautiful comfortable space
Bitches you two have wonderful taste
Sit down at the table and I'm murdering
Inquiring what line of work they're in
Making faces like I'm crazyrotic
Wait my uncle is in radiology!
Every dish is delicious Michelin star
Please pass the outlets like I pass the bar
An attorney? yeah Law Harvard undergrad
Cham fam damp in my underpants
Dad tells jokes I squeal in amusement
I agree that Neal diamond is real music
Gonna suck up and kiss ass until I have them eating outta this hand like they eating this what
I'm dtf don't misunderstand me it means I'm dazzling the family
Like an anaconda bitch Immense

And you a common wench so grovel valence
Boss ass bitch no ones above me
End of the night they line up to hug me
Oh my gosh this was so lovely
To be clear your parents want to have sex with me

I give good parent (she gives good parent)
I give good parent (to parents like me)
