

Mere Har Jio Sab Ko Tere Vas

Bhai Sarabjit Singh Ji Patna Sahib Wale

O my waheguru everything is in your control and we have no power to do anything and as you please kindly forgive us.

Everything we do is in your will and there is nothing we can do without your will and as you please kindly save us.

All body soul is your asset and as you pleased you yourself doing the deeds, we are doing now and as you commanded us we do these deeds.

With 5 elements you created everything air water sky earth and soil and if anyone else has power then create the sixth element if you can.

The glory of the Waheguru can not be described and I am very foolish and lowly being and kindly forgive your servants as you for give the Nanak entering to your sanctuary.
