

Mend Your Broken Heart (feat. Ai Ninomiya)

[Sam Ock](#)

Open up your arms then I
I'll be the one to fix your smile
and broken heart

Oh please believe, Iâ€™m on your side
Together, we will fix each other's broken hearts

Even when you lie to me, and try to hurt me bad
Iâ€™ll hold you close â€˜till you feel safe
You donâ€™t have to be afraid, I know you for so long
So take my hand, youâ€™ll be fine
