

For a Moment

[Ron Sexsmith](#)

For a moment there
I could've sworn I knew where I was going
For a moment there
I was in my room following the music
Never knowing if it was going anywhere I could hear it in the sky above
In the streets below me
I could hear it in the songs of love
Just enough to show me
There was a light somewhere, somewhere For a moment there
The sun was in my eyes and I was blinded
For a moment there
But now I look again and when it seems
Like all is lost I find it or it finds me anyway I can see it in the sun above
In the grass below me
I see it in the ones I love
Just enough to show me
There is a light somewhere
