

# It

## Genesis

When it's cold, it comes slow  
It is warm, just watch it grow  
All around me  
It is here, it is now  
Just a little bit of it can bring you up or down  
Like the supper it is cooking in your hometown  
It is chicken, it is eggs, it is in between your legs  
It is walking on the moon, leaving your cocoon  
It is the jigsaw, it is purple haze  
It never stays in one place, but it's not a passing phase  
It is in the single's bar, in the distance of the face  
It is in between the cages, it is always in a space  
It is here, it is now  
Any rock can be made to roll if you've enough of it to pay the toll  
It has no home in words or goal, not even in your favorite hole  
It is the hope for the dope when you ride the horse without a hoof.  
It is shaken, not stirred, cocktails on the roof  
When you eat right through it you see everything alive  
It is inside spirit, with enough grit to survive  
If you think it's pretentious, you've been taken for a ride  
Look across the mirror son, before you choose, decide  
It is here, it is now, it is real, it is real  
'Cause it's only knock and know all, but I like it  
Yes it's only knock and know all, but I like it  
Yes it's only knock and know all, but I like it, I like it ,I like it  
Only knock and know all, but I like it, like it, like it  
Like it all around me, like it all around me  
'Cause I like it, like it, like it, like it
