

Needs

Collective Soul

All around me I see what weakness has made
Too much tomorrow I think I'll take all today
Am I a poison am I a thorn in the side
Am I a picture perfect subject tonight I don't need nobody
I don't need the weight of words
To find the way
To crash on through I don't need nobody
I just need to learn the depth
Or doubt of faith to fall into
Here I slumber to awaken my daze
I find convenience in this savior I save
Am I a prison am I a source of dire news
Am I a picture perfect reason for you I don't need nobody
I don't need the weight of words
To find the way
To crash on through
I don't need nobody I just need to learn the depth
Or doubt of faith to fall into
In this time of substitute
It's my needs I've answered to (all the while)
And the hopes that I invest
Turns to signals of distress (all the while) I don't need nobody
I don't need the weight of words
To find the way
To crash on through I don't need nobody
I just need to learn the depth
Or doubt of faith to fall into You are all I need
When the water runs deep
You're all I need
Now I cry my soul to sleep
You're all I need You are all I need
You are all I need
You are all I need
