Drink

Toxic Narcotic

I don't give a fuck what you think,
'cause what I want is another drink
Gimme a shot of whiskey and a Guinness Stout,
'cause that's what drinking is all about
I'm a drunk that's my claim to fame,
Most bartenders know my name,
Gimme a shot of Jager and a black and tan,
Can't shut me off don't you understand
This ones goes to the Boston Drunx, Skinheads, Longhairs, and all the punx.
Homebrew crew, cider up punx here's to me and you[Chorus:]
Drink, Drink, Drink, Drink some more
Drink, Drink, Drink, 'Till I'm on the floor
Drink, Drink, Drink, Drink some more
Can't get enough gotta get some more!!
