

Tee Shirt

Birdy

In the morning when you wake up
I like to believe you are thinking of me
And when the sun comes through your window
I like to believe you've been dreaming of me Dreaming I know
'Cause I'd spend half this morning
Thinking about the t-shirt you sleep in I should know
'Cause I'd spend all the whole day
Listening to your message I'm keeping
And never deleting When I saw you,
Everyone knew
I liked the effect that you had on my eyes But no one else heard
The weight of your words
Or felt the effect that they have on my mind Falling I know
'Cause I'd spend half this morning
Thinking about the t-shirt you sleep in I should know
'Cause I'd spend all the whole day
Listening to your message I'm keeping
And never deleting
