

Maple Leaves Don't Fly

Ben Kenobi

Nobody seems to know that I am worn out
So tired and listless like never before

The Sun in L.A. still makes me rise and SHINE
But maples don't turn from green to red

Oh-ho, Can you imagine the road?
The maple road that you know

=====
Everyone seems to know the way life should be
Take every problem in stride and get by

I'm in a bind, I mean, a real bind
It's hard to make a choice and believe that I am right

Oh-ho, help me find the road
The maple road that you know

Oh-ho, I act like somebody else
I'm not enthusiastic about a new life

Maple leaves don't fly
