

She's a Magazine

New Musik

She smiled at me
From the pages of a magazine
Pure fantasy
From an advertising figurine
She's playing she's teasing
She's everything you'd wish for
She's doing it all for you
She sold it all to you
She's a magazine
She's a magazine
She's a magazine
Such a picture
She's a magazine
She's a magazine
She's a magazine
Such a picture
She knows her place
Switching on the style to fit the face
Down on the sand
She lays untouched by human hand
She's playing she's teasing
She's everything you'd wish for
She's doing it all for you
She sold it all to you
She's a magazine
She's a magazine
She's a magazine
Such a picture
She's a magazine
She's a magazine
She's a magazine
Such a picture
