

Icarus

Big City Dreams

Are you a fan of heart attacks that rip through your chest
Ran through your skin
Your head caves in crushed by the pressure caused by sinking
Too deep to swim

Regrets will burn
I hope they hurt
Regrets will burn
I hope they hurt

Come Saturday, you'll drive away and leave this all behind you
Cash in your chips and hit the road
I can't wait
We'll all be better off come Saturday

Regrets will burn
I hope they hurt

This is where our watches should go down
The sharks are circling round
My Icarus flies into the sky
Oh no, no water will save you tonight

This is where our watches should go down
The sharks are circling round
My Icarus flies into the sky
Oh no, no water will save you tonight

Regrets will burn
I hope they hurt
Regrets will burn
I hope they hurt
Regrets will burn
(My Icarus flies into the sky)
I hope they hurt
Regrets will burn
I hope they hurt
Regrets will burn
(My Icarus flies into the sky)
I hope they hurt
