Eleanor

Dan Ar Braz

Fine, I understand okay with me
If that's the plan you can take the stereo
The TV and the video, the bed, the sheets
And pillows before you go
But for now unlock the door
What are we doing on this floor?
Let me make you dinner one last time
And you'll go your way and I'll go mine
And I won't call you baby anymore
Won't call you baby like I did before
Won't call you baby anymore, Eleanor
You left your smell, you left your taste
You left me here with my mistakes
And I can't relate to what you say I've done
But just for you I'll bite my tongue

And I won't call you baby anymore
Won't call you baby like I did before
Won't call you baby anymore
Eleanor, I miss you, Eleanor, be well
Eleanor, I wish you, release me from your spell
Come on, Elanor, do it, you can do it
And I can't call you baby anymore
Won't call you baby like I did before
Won't call you baby anymore, Eleanor
No, I can't call you baby anymore
Won't call you baby like I did before
Won't call you baby anymore, Eleanor
