

Counting

Lucie Silvas

I've had a plan, I'm starting today
I won't let these obstacles get in my way
When I am down and I'm feeling alone
I know what I've got to do When I see blocks in the road up ahead
I won't get frustrated or turn back instead
I'll wait just a moment and take a deep breath
There's an easy thing to do Counting one, two, three and four
I won't let all these silly things bug me no more
Counting five, six, seven, eight, nine and ten
I will calm myself down and be happy again I don't want to see pain or darkness no more
If I had the power, I'd make it the law
To bottle the raindrops and banish the clouds
Let the sun shine through, that is what I got to go Counting one, two, three and four
I won't let all these silly things bug me no more
Counting five, six, seven, eight, nine and ten
I will calm myself down and be happy again Counting one, two, three and four
I won't let all these silly things bug me no more
Counting five, six, seven, eight, nine and ten
If I'm not feeling right I'll start over again Counting one, two, three, four and five
I've got everything here that I need to survive
Counting six, seven right up to ten
I'll add up all the good
Leave no room for the bad to get in
