

# Mad Man Blues

## John Lee Hooker

I go home at night about half past four  
All that knocking on my doorI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowI love these women, gonna treat them right  
Ain't gonna fuss and ain't gonna fightI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowYou beg me now baby and not before  
I'm gonna come round and kick your doorI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowI don't want to fuss, I don't want to fight  
Ain't gonna do nothing but treat you rightI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you knowI got the mad man blues  
I got the mad man blues  
I got the mad man blues  
Man don't you know, don't you know
