The Choice

John Waite

I will be there for you
For you are mine
And I'll take care of you
Every single timeI'll be watching over you
When the world seems bitter cold
When you're closer to the edge
And you're feeling so aloneBut do you still recognize
When you hear love's voice
I will come through for you
Every single timeAnd I will be there in your winter
To turn your water into wine
And I'll be there in your darkness
In the daylight like your sunYou see you make my heart beat fast, my love
You are my special one
But do you still recognize
When you hear love's voice
But are you so surprised
That you and IWe've both got a choice
Do you hear my name
On a crowded street
Ain't it such a shameAll our hearts are incomplete, oh oh oh
Together together, ah ah ah
I'll be there in your darkness
In the daylight like your sun
See you make my heart beat fast my love
You are my special oneDo you still recognize
When you hear love's voice
Are you surprised
You and I we've both got a choiceCan you feel my heart beat
Like I feel your heart beat
Lovers of the world
Never complete
Can you hear, can you hear my voice
In this dark and lonely place?You and I will always have a choice
Can't you hear my voice
Can't you see this look on my face
You and I we've still got a choiceCan't you hear my voice
Can't you see this look in my eyes?
We've both got a choice

Can you hear my voice
Don't you see if you believe in me
We've both got a choice
