Phantoms In The Mirror

W.a.s.p.

Come look at me, do you like what you see?
If you smash the mirror you'll still not be free
Look in the glass and you'll see who you are
And you'll run but you'll not run farIf you talk to me maybe I'll talk to you
We'll tell lies together but never the truth
Just you and me and I'll see what you do
You'll watch me and I'm all over youCome to the mirror my boy
I'm the face that you see when the face isn't yours
A phantom, I'm hiding inside
Yes, I'm what you see when you see in my eyesMy doctor said, listen I'll help if I can
But you're psychosomatic so I'm not your man
The head doctor made me, give you what you need
Some sedation to stop what you seeBut no one can help me I hide in my room
But he moves and lets loose my four doors of doom
Just let me out, you'll see who I am
I'm controlling the manCome to the mirror my boy
I'm the face that you see when the face isn't yours
A phantom, I'm hiding inside
Yes, I'm what you see when you see in my eyesDon't act surprised, I see what you do
Can't let your [Incomprehensible]
And kill off the boy that's in you
Trust me you fool, the price that's inside youTwo will kneel, they can't see who they are
A reflection is cast on a conscience of war
I am the mirror, the plaything of men
The true alter ego, the phantom withinCome to the mirror my boy
I'm the face that you see when the face isn't yours
A phantom, I'm hiding inside
Yes, I'm what you see when you see in my eyes
