

Stir It Up

Delbert McClinton

Stir it up, little darlin'
Stir it up, oh yeah
Stir it up, little darlin'
It's been a long, long time
Since I had you on my mind
Now you are here; and it's so very clear
There's so much we can do
Just me and youCome on, stir it up, little darlin' Stir it up, oh yeah
Stir it up, little darlin'I'll push the wood, light the fire
Oh, I'll satisfy your heart's desire
I will stir it every, every, every minute babyAll you have to do girl, is
Oh baby, stir it up, little darlin'
Stir it up, oh yeah
Stir it up, little darlin'I'll push the wood, light the fire
Oh, satisfy your heart's desire
Little girl, I'll stir it every, every, every minuteAll you got to do baby
Come on, come on
Stir it up, little darlin'
Stir it up, oh yeah
Stir it up, little darlin'
Stir it up, oh yeah
Come on, stir it up
Stir it up
Stir it up
Stir it up
