

# Smoke Dreams

[k.d. lang](#)

Smoke dreams from smoke rings, while a cigarette burns  
I keep yearning for you through smoke dreams  
From smoke rings that old feeling returns  
Can't believe that we're through I try to pretend  
Our love has ended but my heart tells me no  
The dreams I resist won't be dismissed  
Though I try to forget with each cigarette Still smoke rings bring smoke dreams  
And although you are gone, our love story goes on I try to pretend  
Our love has ended but my heart tells me no  
The dreams I resist won't be dismissed  
Though I try to forget with each cigarette Still smoke rings bring smoke dreams  
And although you are gone, our love story goes on
