Five Star

Be my world, hey yeah(Give to me your love) mmm, hey
(Give to me your love) mmm, mmmI'm thinking of you
You and me holding hands in a perfect fantasy
(On a memory)
The moment you changed my lifeWhen you spoke the words of love
I knew you were sent from up aove, ohCHORUS:
(That's why you're going with the moment
Feels so good, baby, come go with me
(Just trust your feelings and emotions)
There's so much we have not seen
(That's why you're going with the moment)
I'll be there to make your fantasy come true
(Just trust emotions of the moment)
Baby, there's so much to seeBaby looking at you, makes me feel
There's no other guy could make me feel this way
(I'm in love with you)
Forever you'll be my lifeSo come and take my hand
Together we'll do the best we can, oh oh ohREPEAT CHORUSFeel so good, ooh
