

# Don't Call This Love

Leon Jackson

Cry in the rain, nothing to say  
Lately I wonder who you are today  
I know all about you but I don't understand  
Why you won't see me? Why things have changed? Oh baby, something's going on  
God knows, I know 'Cause you can't keep nothing from me  
'Cause I know what I've seen now  
You can try your best to deceive  
But I know where you've been now And you can cry your heart out to me  
But it's hard to believe  
Don't call this love, love I might be no good in your eyes only  
But one day you'll see that I was good for you, honey  
You need to grow up, get your life together  
We can't go on now doing this to each other Oh baby, something's going on  
And God knows you know 'Cause you can't keep nothing from me  
'Cause I know what I've seen now  
You can try your best to deceive  
But I know where you've been now And you can cry your heart out to me  
But it's hard to believe  
Don't call this love, love Oh, listen to me, ooh  
Hey, no, no, no, no, no, baby  
Don't call this love 'Cause you can't keep nothing from me  
'Cause I know what I've seen now  
You can try your best to deceive  
But I know where you've been now And you can cry your heart out to me  
But it's hard to believe  
Don't call this love I said don't call this love  
Don't call this, this love  
Don't call it love
