Sebastian Ingrosso

When the night becomes the day
They're sending you far away
So so far away
When everything starts to fade
You don't have to be afraid
No you don't have to be afraid
Take my hand and
Reload
This is free love
That's what we are made of
Yes we are, are, are
Reload
This is real love
That's what we are made of
Yes we are, are, areTake my hand and
Reload
This is free love
That's what we are made of
Yes we are, are, areWhen you wanna get off the ground
The gravity pulls you down
Gravity pulls you downAnd when you feel out of place
You don't have to be afraid
No you don't have to be afraid
Take my hand and
Reload
This is free love
That's what we are made of
Yes we are, are, are
Reload
This is real love
That's what we are made of
Yes we are, are, areTake my hand and
Reload
This is free love
That's what we are made of
Yes we are, are, are
Reload
This is free love
That's what we are made of

Yes we are, are, are
