She Don't Kare

The Spits

I got a girl that brings me down
Doesn't think about me when she n shes town
She likes to rock and she likes to roll
That girls gonna take my soul

She dont kare about you
She dont Kate about you

Needles in her arms and drugs in her veins
That girls gonna drive me insane

She dont kare about you
She dont kare about you
2x

Dont know what I did last night
Just cant make her feel right

She dont kare about you

I don't want it
Hope I never will
Hey baby you're a big
Buzzkill!!

She dont kare about you
She dont kare about you
2x

Jumps in the van with any fucking band
Just be glad you're not her man
I don't want it no I hope I never will
Hey baby you're a big buzzkill!!!!

She dont kare about you
She dont kare about you
