

Bone Driven

Bush

We're just a wish away
27th letter
Much maligned
Beat me clever Say you will
Never mind
Open up
Open wide Bone driven
Bone driven
See, we're taking all the life To all pollutants
Shave your face
We're all confusion
We're all the rage Isolate
Crowd it out
All that's left
Inside out Heaven knows
Who walks away
Heaven knows
Who walks, walks Bone driven
Bone driven
See, we're taking all the life Bone driven
Bone driven
See, we're taking all the life I was wrong and I will wait
I was wrong and I will wait
I was wrong and I will I will
I will wait Thousand, a thousand lamps
Won't lift the dark
Rest of our lives
Might have already passed Bone driven
Bone driven
See, we're taking all the life Bone driven
Bone driven
See, we're taking all the life
See, we're taking all the life
