

I'm the One

Static-X

Living in the moment
Forgotten and repeated
No I cannot be the one
No I cannot be beaten I'm the

(Yeah)

I'm the

(Yeah)

I'm the

(Yeah)

I'm the one I don't want you, I don't need you
With closed eyes I see right through you
I was crawling always falling
You don't know what I have lived through No I am not a rich man
No I am not a bitch

I know you, made one mistake

This is my, life you cannot take it I'm the

(Yeah)

I'm the

(Yeah)

I'm the

(Yeah)

I'm the one I don't want you, I don't need you
With the closed eyes I see right through you
I was crawling always falling
You don't know what I have lived through Automatic termination

Self destructive revolution

Automatic termination

Automatic termination

Self destructive revolution Automatic termination

Self destructive revolution

Automatic termination

Self destructive revolution (Self destructive)

Break it down to the ground

I'm unchained not a slave I'm the

(Yeah)

I'm the

(Yeah)

I'm the

(Yeah)

I'm the one I don't want you, I don't need you
With closed eyes I see right through you
I was crawling always falling
You don't know what, I have lived through
