# Genius

## R. Kelly

Body so fit and soft
I can't wait to tear it open
You got me like la la la la la baby
It's how you make me feel babyI can feel your body floss
While I'm kissin on your thighs
You got me like la la la la la baby
Anticipation's so crazy
I'll be good to you
Promise will make good love to you, promise
Go to sleep and when we wake up
I'mma hit that thing again, promiseSounds and miracles up in this room
While I'm pleasing youI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius
Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex geniusBaby girl, we're both so freakin hot
We don't want a freakin' stop
Got each other like la la la la la my baby
Oh tell me I'm the master babyNow I got you out your clothes
Your body so beautiful
The music says la la la la la my baby
This moment's like heaven babyAnd I'll be good to you
Promise while making love to you, promise
Go to sleep and when we wake up
I'mma hit that thing again, promiseSounds and miracles up in this room
While I'm pleasing youI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius
Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex geniusI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius
Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex geniusI know you heard it all before
But I got the good in you, I got the good in you
Don't you believe, I'm just all up than I wanna be
Tonight I'm out to prove myself
You won't ever need to patch no more
I'm a college grad, girl I got my degree
I'm the head of my class, girl you makin me look me betterSounds and miracles up in this room
While I'm pleasing youI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius

Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex geniusI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius
Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex geniusI'm blessed it feels, like to please yo body
Girl tonight you're lying with a sex genius
Nothing like the ordinary, I'mma love one
But tonight you're lying with a sex genius
