Write To Me From Naples

Dean Martin

Write to me from Naples, write me every day
I love you and Naples more than words can say
Call me Cara Mia, tell me all that's new
Write to me from Naples, keep my heart with youI can hear a mandolino
Softly entice
While I raise a glass of vino
Praising your eyesSince we said 'Arrivederci'
My poor heart cries
For a letter from youWrite to me from Naples, I love you and Naples
Call me Cara Mia, tell me all that's new
Write to me from Naples, keep my heart with you
Keep my heart with youYou belong to me
