Moment in the Sun

Clem Snide

When it's my moment in the sun
Oh, how beautiful I'll be
But in a normal sort of way
Like I am you and you are me'Cause I have a lot of things to say
And you'd be wise to listen good
I think that hunger, war and death
Are bringin' everybody downla la la la
la la la la la
la laWhen it's my moment in the sun
I'll share my problems with the world
and psychosomatically, I'll sing
To God and all His pretty girlsla la la la
la la la la la
la laWhen it's my moment in the sun
I won't forget that I am blessed
But every hero walks alone
Thinking of more things to confess
