Deadline

Lessdmv

Yeah i'll make you to don't want to wake up
from this dream which make you feel insecure
i know my game is cruel but it might be the cure
so close your eyes and get on you knees

Yeah my fingers wanna run throguht your hair
and my lips just going down on your chest
I'll blow your mind away
i'll be your deadline
i'll hunt you anyway
yeah baby i'll be your deadline

I'll fuck you
tear you and bite you
i ain't gonna lie you
i'm gonna rip your face
rip your face
ruin you
lick you and tie you
i'm gonna scratch you
until your blood is everywhere
and you scream my name

Yeah just look at me and open your legs
my lips are pushing you to give in
with chains and bites i'm holding your neck
a punishment you'll never forget

I'll blow your mind away
i'll be your deadline
i'll hunt you anyway
yeah baby i'll be your deadline

I'll fuck you
tear you and bite you
i ain't gonna lie you
i'm gonna rip your face
rip your face
ruin you
lick you and tie you

i'm gonna scratch you
until your blood is everywhere
and you scream my name

A devil's kiss to take your breath
and fire to burn your fears
Desire for eternity.

Is danger what you wanted?
Damnation what you needed?
Dirty pleasure what you wanted?
Absolution what you needed?

Come i'll turn on the fire in you and take you hard
this is sex
So drink the wine of my blood this is you
Come just take the sin and release your soul
this is sex
Pull the trigger and life live hard

I'll fuck you
tear you and bite you
i ain't gonna lie you
i'm gonna rip your face
rip your face
ruin you
lick you and tie you
i'm gonna scratch you
until your blood is everywhere
I'll be your deadline.
