

I Won't Give Up On You

The Shadowboxers

There's a movie I've been dying to see
About a man who seems just like me
And when his woman walks out on him
I wonder if he'll do what I did
Once he was sure he hadn't started to bleed
From the quiet of his broken routine
Would he gaze at his empty bed
Knowing that someday he'd get her back again
I know it's crazy but
I won't give up on you
I won't give up on you
I'll play my cards and if I lose
I won't give up on you
Does he see her months down the road
Only to notice she's sitting alone
And does he tell her like all of them do
No matter what I won't give up on you
It's just a movie, a story set on a screen
With people who know nothing about me
But tell me what is a story for
If not to move you to dream a little more
I know it's crazy but
I won't give up on you
I won't give up on you
I'll play my cards and if I lose
I won't give up on you
