

Into Something New

Karl Valentine

It comes and goes
sometimes I know
You never know
which way the wind will blow

It comes and goes
sometimes I know
You never know
just where this road will go

And I donâ€™t know
What the future brings
And I donâ€™t know
About you and me now
Moving swiftly
Into something new

It comes and goes
sometimes I know
You never know
how deep our love can grow

It comes and goes
sometimes I know
You never know
how deep the pain can go

And I donâ€™t know
What the future brings
And I donâ€™t know
About you and me now
Moving swiftly
Into something new

It comes and goes
sometimes I know
Itâ€™s first your heart
and then your mind will go

It comes and goes

sometimes I know
Sometimes Iâ€™m up,
sometimes Iâ€™m sinking low

And I donâ€™t know
What the future brings
And I donâ€™t know
About you and me now
Moving swiftly
Into something new
